

This has been another term that has flown by! As always, the children have continued to work extremely hard!

We started the term off with our trip to the Horniman Museum. The children thoroughly enjoyed learning about plants and habitats in our workshop and continued to work diligently throughout the term. The children learnt about polar bears from our class text 'Leaf' and were able to write information texts, speeches and debated with enthusiasm.

We learnt a great deal from our session exploring Icons. The children were very interested in them and their religious connection. This term we celebrated Empathy Day and Windrush Day amongst others and made links to our RHE curriculum about how we can think about and work well with others for a happy class and community. This year, the children took part in their first Sports Week and were

absolutely fabulous in the planned events.

During the term the children have had many opportunities to learn practically across the curriculum. The children especially loved cooking. The biscuits looked and smelled delicious! Thank you to parents for their continued support with these

activities.

We have ended the term as we began, with trips to the library, BYMT Infant song Festival and the London Transport Museum. It has been lovely to be able to extend the curriculum beyond the classroom.

All that is left to say is have a wonderful summer! It has been a pleasure to teach the children in Year 2.
