

# Reception Class Spring Update 2024

Wow! Where did that term go?

Our writing is coming on a treat and we are doing so well with our Big (little) Write. We wrote nearly a whole page about our trip! We have learned all our phonics in phase 3 and we are working hard to develop our fluency when reading.

At the start of the term some Aliens Stole our Underpants so we made posters to warn everyone else! The classroom was also visited by The Evil Pea but we managed to catch him in our traps.

We enjoyed learning about Chinese New Year and cooking spring rolls.

Our Forest School sessions have been bit of a washout this term but we managed to build some nests for birds and investigate the pond. We are going to put our Catholic Social Teaching into action next term and clear out the pond to make it a better environment for creatures to live in.

At the end of term, we had a wonderful trip to the London Sea Life Aquarium. There was so much to see and we were all very excited! Afterwards we were able to eat our lunch outside in the park.
