

Year 6 Update – July 2023

Oliver!

Year 6 worked fantastically as a team to perform their very own version of Oliver! They really immersed themselves in their characters and impressed their audience with their singing and dancing abilities. The hard work certainly paid off!

Premiership Trophies

The children walked to Petts Wood Library on Friday to see the men's and women's Premiership Trophies which Barclays had organised.

Bank of America

Throughout the term we have been working with Bank of America and learning about finances. We finished off the session with a visit to their offices in Bromley.

SATs

I think you will agree the class have worked really hard towards their SATs and thoroughly deserved the picnic in the park. Congratulations to all of them such amazing results as a class.

for achieving

Biggin Hill Memorial Museum

We took a trip to the museum for our local History and Geography work. We learnt about the part that Biggin Hill played in the Battle of Britain.

Year 6 Careers Day

This was the first time we had run this event and it was incredibly successful with so many parents offering to come in and talk about their work.

A message from Mrs Connolly

It has been a real pleasure working with such a lovely group of children and seeing them grow and develop throughout the year. Their energy levels were boundless, their enthusiasm endless and their ability to strive and succeed limitless.

I am so proud of each and every child's personal journeys this year - through their ups and downs, through laughter and tears. And at the end of it all, we have a group of children ready to make the move to pastures new with confidence and the knowledge that they can, and will, succeed in their new schools. You have done us, and your parents, proud Year 6!
